THE RT. REV FRANCIS MBOYA MATUI
BISHOP OF MAKUANI DIOCESE
CHAIR OF THE AMA BOD.

I am personally delighted to be the chair of Missions Anglicanes Afrique, a missionary movement committed to the Great Commission championing works of evangelism, discipleship, church planting and social mission. Since its inception, the movement has rekindled revival in the area of practical evangelism, especially with clear mandate to winning souls and establishing new congregations. Roger Bowen in his book “As the Father send me so I send you” rightly observes that “Establishment of new congregations in villages becomes the physical presence of God’s kingdom among his people” (Paraphrased). The church therefore has sole responsibility to ensure that world Evangelization and establishment of new congregations is the final product of the Great Commission.

Despite of COVID-19 pandemic; challenges that affected all Mission agencies across the globe, Missions Anglicanes Afrique has accomplished a lot. Since its first launch in 2019 it has accomplished the following:

SUMMARY OF MINISTRY OUTCOMES

Details	No	Remarks
Number of partner Dioceses in Africa	46	Kenya 40, Mozambique 1, Zimbabwe 2, Tanzania 1, Ghana 1, Uganda 1
Total number of Evangelists trained (Healthy Church and Urban courses)	1, 856	Majority of these are from Kenya and Tanzania
Number of Tents distributed in Kenya	44	Across all Dioceses including a refugee camp
Number of Parishes reached	1, 300	
Number of Evangelism (Crusades and Door to Door)/Jesus Films	120	Crusades including Jesus Film shows
Number of people Evangelized	67, 235	In Kenya, Tanzania and Mozambique
Number of new converts	25, 112	In Kenya, Tanzania, Mozambique and Zimbabwe
Number of new Plants	277	- Kenya 197, Mozambique 70, Tanzania 5, Zimbabwe 5 - Average of 50 people per local church

From the Table, it is clear that God is at work through the work of AMA and that the Church in Africa is not where it was before AMA was initiated. From the strategic plan 2022-2027, we are looking forward to see AMA make a significant contribution to the wholesome growth of the church in Africa. I want to invite all our esteemed partners to own this strategic plan, pray for its effective implementation and above all, become part of the journey towards its fulfilment.

One of our future plans will be hosting of Anglican Global Missions Summit, a mission conference that would gather all missionary minded people and agencies around the world to share stories and celebrate what God is doing through his church. We also anticipate that these conferences will ignite a new spirit and culture of missionary mindedness within the church in Africa. Our first AGMS will be starting 25th to 29th of October 2022 in Nairobi Kenya.

Support of the Archbishop: On behalf of the Board of Directors Missions Anglicanes Afrique (Anglican Missions Africa), I sincerely express my gratitude to the Archbishop Anglican Church of Kenya The Most Rev. Dr. Jackson Ole Sapit for having positively embraced and supported AMA this far. His support is an affirmation that the Organization is serving the church to foster missions and growth of the church.

Support of our international partners: Finally I take this opportunity to thank our International Director Captain Patrick Jhel who has worked hard to ensure that the vision and programs of AMA are fully supported. It is important to acknowledge that just like in the days of apostle Paul when God raised the likes of Pricilla and Aquila to support the ministry, that even in our times, God hasn’t stopped calling and raising his people to stand in the gap. God richly bless Brother Patrick and his entire family.

The Rt. Rev. Francis M. Matui
Chairman of the Board of Directors
Missions Anglicanes Afrique.

HIGHLIGHT FOR 2021 IS REV CANON. RON ALLEN.

The Very Rev. Canon Dr. Ronald D. Allen is the Canon for Global Missions for the Anglican Diocese of the Great Lakes of the Anglican Church of North America. He began his ordained ministry in Advent of 1965.

He and his wife Carolyn have participated in over 120 church plants. He planted the Heartland Parish in Fort Wayne, Indiana in 1985. He serves on the New Wineskins Global Missions. He is a consultant to many ministries and agencies embracing and extending the kingdom of God.

He is currently serving in the Board of Directors as advisor and Custodian of AMA's vision. Missions Anglicanes Afrique really thank him for the good work and the support he has continued to channel to the organization and we pray for him and his entire family for good tidings from the Lord.

We hope that our continued partnership will bear more fruit and spread the Gospel of Evangelism and Church growth to the roots of the remotest of places in Kenya and Africa at large.

Thank you Rev. Canon Dr. Ronald D. Allen!

Am delighted to share with you what God has accomplished through

our ministry in the year 2021.

The theme for the year was; **FOLLOWING GOD'S LEADING.**

The work of missionary undertaking has never been easy at any given time in history. Isaiah 6: 8 “whom shall I send and who will go for us” is both calling and a challenge at the same time. God is always seeking men and women willing to step out into missions with a sacrificial heart. The calling and challenge in Isaiah is relevant and even more challenging as it was even then.

The challenge of Modernity and Materialism: The current church is faced with the challenge of modernity and quest for material acquisition as the ultimate of self-actualization. While modernity and material things are not evil, the reality is that the

missionary enterprise has been crucified at the altar of these two phenomenon's leaving the church with traditional ministry of maintenance and institutionalism. The ultimate price has been adopting professional and business approach to ministry hence eroding the very essence the church exists.

Misconception of evangelism: One of the most misunderstood concepts in the church is “Evangelism” It is important to note that evangelism has been regarded as inferior to any other calling and ministries in the church. Ephesians 4: 11 Paul writes that Christ called some to be Apostles, some Prophets, some Evangelists, some Pastors and some Teachers for equipping the saints for works of ministry. Going by Paul's chronological order. Those called into the office and ministry of Evangelists are pegged third in the order. My presupposition however is that all gifts are equal and no one can claim to be superior to another. Because of lack of recognition and looked down upon as inferior, including lack of structural support. Many evangelists have either quit ministry or translated themselves into pastors.

It is important to underscore that Evangelism is primarily the ministry that unlocks doors to Christian conversion. Evangelists are by calling pioneers and church planters. They champion the course of Christianity as heralds of the Good News of our Lord Jesus Christ.

Reason for existence for Missions Anglicanes Afrique: It is for this reason we believe that the first responsibility of any growing church is to raise evangelists as carriers and witnesses of Christian faith wherever they go. A growing Church invests in people the human resource for God's kingdom. In the year 2021, through our Healthy church course, WE mobilized and trained over 1600 both clergy and Evangelists for primary evangelism and church planting. To this effect, over 120 new churches were planted and many cell groups established, including evangelization and conversion of teenagers in schools.

Strategy of implementation: The point of entry in every Diocese is Healthy Church capacity building program, a mission training course targeting clergy and laity. The emphasis of the training is on Evangelism, discipleship and church planting. We then offer one hundred seater tent to a diocese that is used rotationally to plant Churches in various parts of the Diocese. When a Diocese plants more than five Churches, Missions Anglicanes Afrique contributes roofing iron sheets to support the newly planted churches. We glorify God because this strategy has been very successful as you will read in the ministry report from Mission Coordinator.

Growth of Missions Anglicanes Afrique: Since its inception in 2019, we have grown both in Ministry and in staffing; currently we have three full time staff working across the region.

EXECUTIVE DIRECTOR
Missions Anglicanes Afrique
(Anglican Missions Africa – AMA).

In the year 2021. We Focused on three major programs for capacity building to unlock and release potential for Evangelization and Discipleship of the World.

These programs are:

1. Healthy Church Program
2. Urban Orientation Program
3. School outreach Ministry

The Mission`s Desk Report

1. Healthy Church Capacity Building

The program aims at offering both knowledge and skills for church leaders as primary agents of the Great commission called to serve the church of Jesus Christ. The program focuses on achieving the following

- i. Preparing church leaders to fulfil their primary calling which is making disciples through Evangelism, Discipleship, church planting and Social Mission.
 - ii. Partner with Bishops and likeminded partners to ensure that social Mission work remains the primary focus for church in Africa.
 - iii. Train grass root clergy, evangelists and all Lay Readers at the local church levels.
- Offer strategic support by providing Tents for newly planted churches in Africa.

Mombasa Diocese healthy church trainees in a group discussion

Due to the emergence of Covid-19 pandemic AMA was adversely affected and this led to the adoption of technological use in Trainings.

For the better part of this year most trainings were done virtually i.e by the use of zoom and Google Meet Technological avenues.

Challenges Faced in Healthy Church Capacity Building Program

1. Inadequate Training materials.
2. COVID-19 Lockdown measures.
3. Lack of Reporting or Monitoring and Evaluating tools for the work done.
4. Internet and Technology challenges during virtual trainings.
5. Lack of enough funds to conduct more trainings.

2. Urban Orientation Capacity Building Program

An aerial view of Nairobi City

The rate of urban growth in Africa is on the increase. Mostly caused by several factors such as civil wars, rural urban migration among many others. The urban surge has become a major mission challenge to the church in Africa. This is because most of theological colleges in Africa have not embraced urban studies as a discourse. Through AMA, sensitization of Bishops, clergy and laity is done on the need and urgency of developing practical urban mission strategies responding to the plight of urban community.

The training was dispensed in a three month period in which it was carried out in the first week of each month. The main Strategic Goal for This training is “Empower Christian workers in the Urban World with practical and Transformative skills for Urban Ministry.”

Achievements 2021.

No.	Activity	Date	Diocese	Outcome	Note/Comments
1.	Virtual Training Cohort 1	May to August	Mombasa	12Evangelists Were trained.	Graduated the 12 trainees in the presence of the Bishop of Mombasa and AMA’s Int. Dir.
					Capt. Patrick Jehl.
	Virtual Training Cohort 2	September to November	Mombasa	13 Evangelists were trained	New wide topics should be introduced

Challenges Faced in Healthy Church Capacity Building Program

1. Technological problems of connections
2. The concept of Urban Mission has not yet been adopted well by Church workers.
3. Lack of training materials.
4. Lack of trainees paying their registration fees of Ksh. 10,000/=
5. There is lack of goodwill among clergy and church leadership in Urban Mission.

1. School Outreach Discipleship Ministry Program

Students during a preaching session

School outreach and Discipleship program carries the future of a nation.

Over the years the church has focused on adult ministry leaving students in our institution of learning unattended to. Kenyans statistics shows that people below the age 35 years stand at 35.7 million, thus 75.1% of total population. This constitutes the children and youth who are in our learning institution. Hence this depicts the generation that carries the future while growing up ill-equipped.

It is in this premise that Missions Anglicanes Afrique is and will champion and equip the church to focus its ministry to institution of learning.

The Strategic Goal for School outreach Ministry is: “Effective Ministry to Students across the Spectrum of Learning Institutions.” Missions Anglicanes Afrique (AMA) acknowledges the urgency in molding the children and youth for the betterment of the nation and the future of the church. It in this regard that we intend to:

1. Turn all learning institutions into mission frontiers. Learning institutions provide opportunity of reaching thousands and millions of young people, all of them into confined spaces with open minds, to receive the gospel of Jesus Christ.
2. Schools, colleges and universities are Centers of influence for both positive and negative worldviews/ideologies and philosophies that contradict Biblical faith thus subjecting majority of young people to embrace secular trends and lose out on their Christian faith.
3. The most pressing is the growing culture that encourages alternative life styles and trends driven by secular humanism that is in constant denial of God and promoting self-centeredness and values that are not in line with Biblical values. *Young people are the main target and easy prey for all these negative vices in societies across the world.*

The above intentions will be actualized by:

1. Leveraging on the existing Christian unions and fellowships in schools: This is in appreciations that we already have existing ministries making significant impact in Kenyan schools. Our motivation is to collaborate with Scripture Unions, Kenya Students Christian Fellowship (KSCF) and Fellowship of Christian Union (FOCUS) Kenya to enhance ministry to students.
2. Coordinate and run the following programs :
3. Formation and Equipping of Mission Teams in Dioceses.
4. Wholesome Teen tour
5. Chaplaincy conferences
6. Learning Institutions Discipleship (Primary –University)

ACHIEVEMENTS FOR 2021

They have played a key role in the overall support of AMA, and for that we are very thankful.

GLOBAL ANGLICAN FUTURE CONFERENCE

Guarding and proclaiming the unchanging truth in a changing world.

Gafcon and AMA joined hands together in 2019 and formed a partnership. GAFCON/AMA works

to guard and proclaim the unchanging, transforming Gospel through biblically faithful preaching and teaching which frees our churches to make disciples by clear and certain witness to Jesus Christ in the entire world.

Purpose:

To Equip, Empower and Release well disciplined and established individual members of the church as agents of both spiritual and social transformation through the local Church to bring sustainable

transformative development amongst God's people in the world..

Target:

§ Bishops, Clergy and Lay workers of the church.

§ Lay professionals in the church.

Heartland exists to love people well, lead them into a transforming relationship with Jesus Christ and launch them out to change the world.

ANGLICAN CHURCH OF KENYA.

Support from the Archbishop Anglican Church of Kenya

Our appreciation goes to the Archbishop of the Anglican Church of Kenya who has supported us all the way since the inception of AMA. Archbishop has provided enabling environment for AMA to thrive.

The important things to mention as key support from Archbishop are;

- (i) Accepting to launch AMA during national clergy conference in Kabarak University was affirmation that the Church was in support of AMA's vision.
- (ii) Writing to our partners and assuring them that AMA was credible and supporting the mission of the church.
- (iii) Accepting funds from partners go through Provincial Mission account enabled us access funds to facilitate AMA ministry activities.
