Forward from the Archbishop - Province of the Indian Ocean

Archbishop James Wong- Anglican Province of the Indian Ocean

Greetings to the church and all partners of Anglican Missions Africa.

On behalf of the Anglican Church in the Province of the Indian Ocean and Africa as a whole, I write to acknowledge that God is at work through his church. Since AMA started getting involved in the Province of the Indian Ocean, we have experienced tremendous renewal not only among the Clergy and the Laity but even among the Bishops. This is not only happening in Madagascar but everywhere on the continent especially Dioceses where AMA is involved.

Having personally accompanied AMA and participated during their trainings, I took note that the Healthy Church training program is key towards unlocking potential for church growth. The program is tailored for both clergy and lay ministers, offering them both knowledge and skills in a range of practical theology in mission and leadership.

It is important at a time when the church is confronted with harsh reality of extreme secularism and humanistic ideologies, the church in Africa rises to occasion by upholding and promoting sanctity of the gospel by proclaiming the message of the risen Christ. It is this role that AMA is providing by training and mobilizing Church workers at the grass root level, sensitizing them to remain faithful to the truth of the gospel.

In the Province of the Indian Ocean, we are now experiencing a new wave of grass root leadership empowerment and emergence of Church planting movements after AMA taking our clergy and Lay church workers through Healthy Church training.

I want to personally encourage all Bishops in Africa to consider partnering with AMA to equip Church leadership at the grass root to unlock potential for accelerated church growth.

The Archbishop of the Anglican Province of the Indian Ocean

The Most Rev. Dr. James Wong

Message from The Chairman- Board of Directors

Trinity greetings from the Board of Directors of Missions Anglicanes Afrique (Anglican Missions Africa AMA).

Rt. Rev. Francis Matui- Bishop ACK Makueni Diocese

The reality is that the entire globe is undergoing tremendous changes with adverse effect of socio-economic, geo-political, spiritual and moral degradation at a level never unprecedented before. Trends such as atheism, are on the increase with millions of people turning their backs on God. The agents involved in the propagation of these anti-God practices are shroud and with high level scheming that have successfully managed to penetrate all fabrics of society. The greatest challenge for the African church is the global civilization that has become both a blessing and a challenge. These challenges are a wake-up call to the church in Africa to re-think her mission strategies in regard to the Great Commission.

We are glad that AMA has become a platform on which the church in Africa has an opportunity to realize God given mandate of evangelizing and discipling humanity for Christ.

In the year 2023, we witnessed a powerful move of God through AMA ministry programs. The support we received from the Bishops across the continent and our mission partners was true evidence that the church in Africa is conscious of her missionary mandate.

On behalf of the Board of Directors we express our gratitude to God for the vision and mission of AMA. WE equally thank God for you choosing to be partners with us in mission.

Yours in Christ,

Bishop- ACK Makueni Diocese

Message from Executive Director

Greetings from Missions Anglicanes Afrique (Anglican Missions Africa AMA) trusting that God has been good to you despite of turbulence of life. AMA is a Faith missionary movement committed to accompanying Bishops across Africa, to nurture a healthy and sustainable church in Africa and beyond through equipping, empowering and releasing of both clergy and lay churches workers as agents of spiritual and social transformation of humanity in Africa and beyond.

The year 2023 began on high note and kept the tempo to the end with great exploits that we witnessed God accomplish through his church. The Support we received from Bishops across Africa was a clear affirmation that the vision AMA is from God and that it has God's backing through Church Fathers.

*The Rev. Canon Capt. Richard W. Mayabi- AMA
Executive Director*

Our Theme for the year: Positioning the church for accelerated church growth: Indeed, reading through our reports, you will notice that through the work of AMA The church in Africa experienced accelerated growth through our strategic programs.

The task: AMA is committed to grass root training and equipping of both clergy and Lay church workers with less opportunities to acquire adequate and relevant knowledge and skills that unlocks potential for church growth. We recognize that while a small percentage of Church ministers have basic theological training, over 85% of Church workers in Africa are not adequately trained for effective service at the grass roots. AMA is committed to offering training to hundreds and thousands from within the context where people are. The training is deeply rooted in the principles of practical evangelism, discipleship, pastoral care and church planting.

Our growth plan: AMA exists to serve the church on the continent of Africa. Our focus therefore is to partner with every bishop in Africa to cultivate a practical theology of missions. The plan is to see Africa evangelized and re-evangelized for Christ.

AMA programs: AMA runs the following programs:

1. **Healthy church Training course:** This is a one-year certificate course in practical missions with deposit in Discipleship and church planting.
2. **Urban orientation course:** The course exposes clergy and lay church workers to the urban world and how to practically engage cities and towns in Africa towards unlocking potential for church growth.
3. **Church planting:** Through Healthy church training course, cultivate and encourage church planting movements in Africa as a critical component for church growth.
4. **Social outreach:** Accompany the church in needy situations by providing social support.
5. **School outreach and discipleship course:** To reach out, equip and empower the next generation through evangelism, discipleship and character formation.
6. **Africa Missions Evangelism Caravan (Mega Missions):** Training and mobilizing the Church into missions through evangelism and church planting
7. **Women empowerment program:** Training and mobilizing all women as evangelists and disciple makers in Africa
8. **Church Music renewal:** Training and mentoring musicians in the church to enhance worship and missions.

You are welcome to read through the report and celebrate with us what God has accomplished through his church.

The Rev. Canon Captain Richard W. Mayabi
Executive Director - AMA

Philosophy: Building a healthy church

The philosophy of A.M. A presupposes that:

- If the Church leadership (*The ordained*) in Africa re-examines herself-understanding and intentionally invests her resources towards fulfilling God's mission by training and mentoring local church leadership (*The Laity*).
- Then it will cause spiritual, socio-economic and political transformation. (*Stewardship*).
- The strategy is anchored on the understanding that the Church the People of God, are central to the realization of God's purposes in the world, and as His instrument, have the responsibility of presenting Christ to the world through their lives and actions in ways that portray Christ as the only viable option. (*Discipleship*).
- It is in this breath that Equipping of Church Leaders (*The laity*) at the local church level becomes foundational and appropriate vehicle for mobilizing communities in Africa to reflect God's kingdom values; experiencing church growth, peace, tranquility and harmony in every village and community in Africa.
- The core objective is to raise well trained and equipped (*men and women, both clergy and lay leaders*) rooted in the theology and practice of Healthy Church across Africa seeking to impact all centers of influence in society.

The Diagram below is a summary of AMA philosophy

ADMINISTRATIVE MATTERS FOR 2023.

- a) Accreditation and Accountability**– AMA went through the process of Accreditation from African Council for Accreditation and Accountability (AFCAA) to assess the organizational management and governance structures, policy and operational standards. On 25th November 2023, AMA was accredited by AFCAA and was awarded a Gold certificate having met the required standards.
- b) The introduction of new Board members;**
The year 2023 AMA incorporated two new members into the Board to strengthen governance.
1. Mr. Robinson Njiru
 2. Mrs. Grace Wawuda
- c) Growth and Management**- The year 2023, we had an addition of two staff members.
1. The Communications Officer
 2. The Director of Training and Capacity building
- d) Networking**- On September 2023, the Executive Director was invited to participate in the Call2all Summit in Thailand. In the month of October 2023, AMA was invited to USA for international networking and strengthening of partnerships.
- e) Partnerships** - In the course of the year AMA developed partnerships with the following organizations;
- 1.Africa International University
 - 2.Global South Fellowship of Anglican Churches (GSFAC)
 - 3.Great Lakes Diocese USA.

MINISTRY REPORT SUMMARY 2023

Introduction

In the year 2023, AMA experienced growth through the following programs;

- i. Healthy Church Training and Capacity Building
- ii. School Outreach Ministry
- iii. Africa Missions and Evangelism Caravan (AMEC)
- iv. Women's Evangelism and Discipleship
- v. Urban Missions

Healthy Church Capacity Building

Healthy church training course is a practical mission course that equips church leaders and the general laity to unlock potential for accelerated church growth through evangelism, disciple making, church planting and social action. The year 2023 we trained **718** church workers across the continent.

Summary of achievements of the program in 2023

COUNTRY	TARGETED DIOCESES	OUTCOME
Kenya	7	527 participants trained.
Rwanda	1	62 participants
Cameroon	1	65 participants trained
Madagascar	2	16 participants trained
Zimbabwe	1	48 participants trained
TOTAL	12	718

Africa Missions & Evangelism Caravan (AMEC) - Mega Missions

AMEC is a mission program that mobilizes evangelists from different churches and dioceses for mega missions with the aim of winning souls and planting of churches. Our **target** in 2023 was to raise **1500** Evangelists for the 1000 mission army for 4 Dioceses. We successfully trained **3,130** evangelists from **5** dioceses, surpassing our target by **208%**

Achievements

We conducted six mega missions in;

1. Kenya: Malindi Diocese, Mbeere Diocese, Nyahururu Diocese, Kirinyaga Diocese and Makueni Diocese
2. Uganda: South Ruwenzori Diocese.

A total of **8,056** evangelists were mobilized and reached out to **554,376** out of which with **34,944** new converts from the 6 missions.

School Outreach Ministry

We targeted to conduct trainings in 10 Dioceses to raise discipleship teams for mission outreach in schools.

Impact Summary of School Outreach Ministry 2023

Diocese	No. Of Schools Visited	Students Reached	Students Saved
All Saints Cathedral	4	2700	155
Maseno South	9	5,393	1051
Nairobi	26	16,470	2609
Mt. Kenya South	1	190	6
TOTAL	40	24,753	3821

Tents and Iron Sheet Distribution

Initially we targeted to distribute 5 tents across Africa

Achievements: Distributed a total of **13** tents; - **8** in Rwanda
- **5** in Cameroon

Church Planting

Our **target** was to plant **20** New Churches for the year.

Achievements: **117** new churches planted both locally and internationally.

The table below highlights the churches planted in 2023.

Nation	Diocese	Churches Planted
Tanzania	1	1
Rwanda	1	9
Mozambique	3	12
Zimbabwe	1	5
Cameroon	1	25
Kenya	10	65
Total	17	117

Women Evangelism and Discipleship Program

At Anglican Missions Africa (AMA), we recognize the critical role that Christian women play as catalyst for mission within their local churches. The Women Evangelism and Discipleship Program embodies this principle by identifying, developing, and empowering women within the Church as agents of spiritual and social change in their communities. Thus, AMA's strategic investment in women, serves not only to strengthen local congregations but also significantly impact broader societal development through intentional outreach and discipleship efforts.

Achievements: Reached a total of **1,015** women through various initiatives based on the program.

2. Audited Financial Statement 2023

Treasurer`s Report

We thank God for the continuous grace Missions Anglicanes Afrique has continued to receive. This has not only been depicted in the mission reports but also in the financial performance despite the Global challenges such as the ongoing conflict between Russia and Ukraine. The geopolitical tensions between these nations have not only escalated political uncertainties but have also rippled across international markets, impacting economies worldwide in 2023. These heightened tensions have created a volatile environment that poses significant risks and uncertainties for businesses and financial institutions operating on a global scale.

Central to the economic landscape of 2023 has been the issue of inflation, a critical metric that defines the purchasing power of currencies and shapes the overall economic outlook. Based on data provided by central bank of Kenya the Inflation index was 7.68%

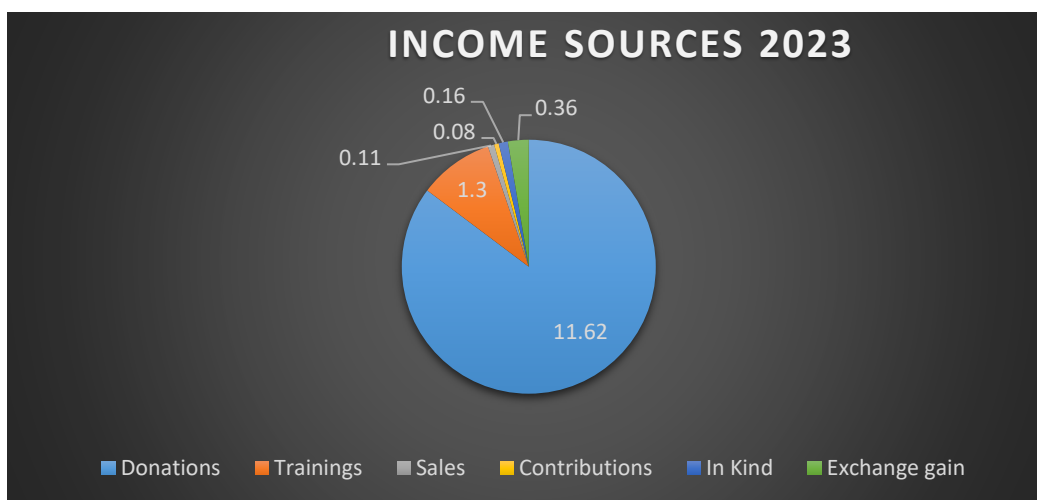

Amidst these challenges, AMA has showcased resilience and adaptability in the face of adversity. By implementing robust financial management strategies, proactive risk mitigation measures, and agile decision-making processes.

The books of AMA were audited by Asteric Auditor Services and in their own opinion; the accounts were properly kept and managed and that the Management gave a true and fair view of the state of affairs of the organization as at 31st December 2023.

INCOME

AMA`s income for the year ended 2023 was **Ksh. 13,774,310** as compared to **Ksh. 7,134,208** for the year 2022. This shows an increase by **Ksh 6,640,102** which is 48%.

Income sources

EXPENDITURE

For the year 2023, AMA spent **Ksh. 10,149,757** as compared to **Ksh. 6,950,951** in 2022, an increase by Ksh. 3,198,806 which is 31.5%.

Net surplus for the period

For the period; AMA realized a net surplus of **Ksh. 3,624,553** compared to **Ksh. 183,257** in the year 2022. This was an increase by Ksh. 3,441,296 contributed to certain factors:

- a) Increase in income
- b) Reduction in costs

Assets Base

AMA `s Asset base as at 31st December 2023 was **Ksh. 3,807,810** as compared to **Ksh. 183,257** in 2022. This affirms the organizations positive financial status and growth.
